INDEX

Vol. 87, Nos. 1-6, January-December 1996

AIRCRAFT carrier, a 3-year review of surgical care on USS *Roosevelt* 5:14
Airplane crash in Caribbean Sea 3:1
Allen, J.W., CAPT, MC, variation in practice patterns within staff sick call 1:17, 2:3
Anaya, M.A., LT, MSC, strategies for quality in medical logistics: optimizing customer satisfaction 4:22
Appendicitis, on submarine, in World War II 3:19
Astronauts, Project Mercury 3:5,12
Atkinson, G., Navy Medical Department's strategic planning process 4:10
Aviation mishaps, human factors model for 6:26

BACON, L.M., SGT, USMC, CBIRF medical element tests new equipment and techniques 6:8
Baker, M.S., CAPT, MC, USNR, Cobra Gold—MEDCAP 5:1
Base closure evaluation tool to monitor inpatient nursing downsizing, implementation of 6:14
Baxter, C.F., Jr., LCDR, MC, telemedicine enters the fleet 4:4
Birth control pills in women in the operational forces 1:25
Blood
  shock killers in World War II 1:22
  transfusion medicine, military 1:13
Blumling, R., LCDR, NC, variation in practice patterns within staff sick call 1:17, 2:3
Bone marrow donor program 2:1
Boorda, J. "Mike," ADM, in memoriam 4:26
Boots, combat, borrowed during Vietnam conflict 4:20
Bourne, M.J., LT, MSC, U.S. Navy Dental Corps survey of 1994: analysis of narrative responses 2:16
Brouker, M.E., LCDR, MSC, Navy pharmacy officer: training for an expanded wartime role 2:10
Buda, J.A., LCDR, NC, implementation of a base closure evaluation tool to monitor inpatient nursing downsizing 6:14
Butler, C.F., HMC, contributory support: just do it 5:21

CAMP Lejeune, NC, Purple Star '96, helicopter collision in midair 6:1
Carey, N.B., Ph.D., challenges for operational medicine: care of the echelons 5:8
Caribbean Sea plane crash 3:1
Cassidy, J., HM1, contributory support: just do it 5:21
Chemical/Biological Incident Response Force (CBIRF) medical element tests new equipment and techniques 6:8
CISD (critical incident stress debriefing) 3:1, 6:4
Coast Guard, U.S., responds to plane crash in Caribbean Sea 3:1
Cobra Gold—MEDCAP in Thailand 5:1
Combat boots, borrowed during Vietnam conflict 4:20
Combat casualty care (see also Training)
  future challenges for operational medicine: care of the echelons 5:8
  medical battalion, leaner, meaner, lighter, and faster 1:10
  military transfusion medicine 1:13
  Purple Star '96 6:1
  stress training 5:25, 6:4
Contamination, chemical and biological, new equipment for treating 6:8
Corpus Christi's quest for the gold 4:1
Critical incident stress debriefing (CISD) 3:1, 6:4
Cuban and Haitian refugees at Guantanamo Bay, Operation Sea Signal 6:11

DAVIDSON, A.M., LT, MSC, USNR, Navy Crisis Response Team responds to the needs of the Coast Guard 3:1
Dental Corps, U.S. Navy, 1994 survey, analysis of narrative responses 2:16
Dental technicians join the triage teams out in the camps during Operation Sea Signal 6:11
DOD (Department of Defense) bone marrow program 2:1
Downsizing, inpatient nursing, implementation of a base closure evaluation tool to monitor 6:14
Dowty, T.W., LT, MSC, SMART readiness 3:16
Durham, J.R., Jr., MBA, Navy Medical Department's strategic planning process 4:10

EYES
  laser injury 2:23

FITNESS
  Corpus Christi's quest for the gold 4:1
Fleet (see Ships)

GIBSON, S.T., M.D., interview on shock killers in World War II 1:22
Goodspeed, D.G., LT, MSC, telemedicine enters the fleet 4:4
Gormley, T.S., LT, MC, USNR, a diagnosis of scrub typhus 6:20
Gorsuch, G.M., LCDR, MSC, laser injury 2:23
Guantanamo Bay, Operation Sea Signal, humanitarian assistance to Haitian and Cuban refugees 6:11

HAGER, D.D., CDR, MSC, USNR, a case for continued combat stress casualty care training 5:25
Haitian and Cuban refugees at Guantanamo Bay, Operation Sea Signal 6:11
Harper, P., LT, MSC, Joint Task Force—medical treatment facility fleet surgical teams 5:4
Health care
  community-oriented primary care based on a family practice model at Rota, Spain 4:8

NOTE: Figures indicate the issue and page in Volume 87 of *Navy Medicine*. For example, 5:14 shows the article may be found in issue No. 5 (September-October 1996), page 14.

Health care (con.)
medical logistics, strategies for quality in 4:22
medical readiness 1:4, 3:16
Navy Medical Department's strategic planning process 4:10
quality of life master plan 1:4
sick call, staff, variation in practice patterns 1:17
Helicopter collision in midair 6:1
Herman, J.K.
interviews
Gibson, S.T., M.D., shock killers in World War II 1:22
Laning, R., CDR, MC (Ret.), recollections of Project Mercury 3:12
Project Mercury: 35th anniversary 3:5
Higgins, S.T., HMC(SW/FMF), medical implications of war at sea, letter to editor 3:30
Hilton, S.M., M.A., U.S. Navy Dental Corps survey of 1994: analysis of narrative responses 2:16
History (see also Herman, J.K. and World War II)
denture for Tojo 2:12
Nimitz, C.W., FADM, a sailor like any other sailor 1:2
Project Mercury 3:5,12
shock killers in World War II 1:22
submarine appendicitis revisited 3:19
VanPeenen, H.J., RADM (Ret.), the briefcase 3:23
Horne, G.E., D.Sc.
future challenges for operational medicine: care of the echelons 5:8
SMART readiness 3:16
Hughey, M.J., CDR, MC, women's health in the operational forces: problems with oral contraceptives 1:25

INFECTIOUS disease research (see Research Units, U.S. Naval Medical)
Interviews
Gibson, S.T., M.D., shock killers in World War II 1:22
Laning, R., CDR, MC (Ret.), recollections of Project Mercury 3:12

JARKARTA, NAMRU-2 in action 2:7
Joint Task Force—medical treatment facility fleet surgical teams 5:4

KECK, T.W., LCDR, MSC (Ret.), the briefcase 3:23
Knudson, K.G., CDR, DC, out in the camps: dental technicians join the triage teams during Operation Sea Signal 6:11

LANING, R., CDR, MC (Ret.), recollections of Project Mercury 3:12
Laser injury 2:23
Letter to editor, medical implications of war at sea 3:30
Lima/Iquitos, Peru, NAMRID, a decade of infectious disease research 4:16
Lonergan, W.M., RADM, MC (Ret.), in memoriam 6:24

MALLORY, J., D.D.S., a denture for Tojo 2:12
Marechal-Workman, A., a sailor like any other sailor: FADM C.W. Nimitz 1:2
Marrow donor program 2:1
Martin, L.C., LTJG, MSC, Purple Star '96 6:1
Mason, D., CDR, MC, community-oriented primary care based on a family practice model 4:8
Mass casualty care training 5:25, 6:1
Mayo, S.B., RRA, CPHQ, Ed.D., Navy Medical Department's strategic planning process 4:10
McCoucha, M., LCDR, NC, USNR, surgery at sea: a 3-year review of surgical care on an aircraft carrier 5:14
McCoy, T., LT, MSC, the leaner, meaner, lighter, faster medical battalion 1:10
McDermott, J.P., LCDR, MC, USNR, surgery at sea: a 3-year review of surgical care on an aircraft carrier 5:14
MEDCAP (Medical Civic Action Project) in Thailand 5:1
Medical battalion, leaner, meaner, lighter, and faster 1:10
Medical Department, Navy
quality of life master plan 1:4
strategic planning process 4:10
Medical implications of war at sea, letter to editor 3:30
Medical logistics, strategies for quality in 4:22
Medical readiness 1:4, 3:16
Medical treatment facility fleet surgical teams 5:4
Medicam, new equipment for treating chemical and biological contamination 6:8
Meehan, D.L., LCDR, CHC, critical incident stress debriefing 6:4
Mental health services by Reserve clinical social workers 4:3
Military transfusion medicine 1:13
Miller, T., Jr., CDR, MC, USNR (Ret.), borrowed combat boots 4:20
Mills, J.W., CDR, MC, telemedicine enters the fleet 4:4
Music, F.C., LCDR, MSC, military transfusion medicine 1:13

NAMRID, Lima/Iquitos, Peru, a decade of infectious disease research 4:16
NAMRU-2, Jarkarta, in action 2:7
NAMRU-3, Cairo, celebrates 50 years 2:28
NASA (National Aeronautics and Space Administration) Project Mercury 3:5,12
Naval Biodynamics Laboratory closes 4:28, 6:26
Naval Hospitals
Corpus Christi, TX, quest for the gold in fitness 4:1
Jacksonville, FL, mental health services by Reserve clinical social workers 4:3
Oak Knoll, CA, and FADM C.W. Nimitz 1:2
Portsmouth, VA, contributory support from Naval Reserve 201 5:21
Rota, Spain, community-oriented primary care based on a family practice model 4:8
Sigonella, Italy, strategies for quality in medical logistics: optimizing customer satisfaction 4:22
Naval Medical Information Management Center (NMIMC) highlights
Centralized Credentials Quality Assurance System 6:23
composite health care system II 4:25
Defense Medical Logistics Standard Support 6:23
Naval Medical Research and Development Command (NMRDC) highlights
artificial horizon warning system, patent issued 3:32
aviation mishaps, human factors model for 6:26
Campylobacter vaccine 5:28
carbohydrate loading in operational forces 1:28

NMRDC highlights (con.)
decompression, biochemical 3:32
divers, vestibular MFL used to test low-frequency sound waves on 1:28
first medical technology initiatives game 4:28
Naval Biodynamics Laboratory closes 4:28, 6:26
ocular study, triservice 4:28
organ transplantation, unmatched, immune-based therapy for 1:28
patient record, computerized 4:25
recruit training injuries and costs 5:28
sepsis, experimental treatment for 3:32
USS *Reliance* christened 2:28
VANGUARD 96—a great success 6:26
white blood cell transfusion therapy 5:28
Naval Medical Research Units, U.S. (see Research Units)
Naval Reserve Naval Hospital Portsmouth 201—contributory support 5:21
Nimitz, C.W., FADM, a sailor like any other sailor 1:2
Nursing downsizing, inpatient, implementation of a base closure evaluation tool to monitor 6:14

OAKLAND, CA, Naval Medical Center, base closure evaluation tool to monitor inpatient nursing downsizing 6:14
Ollayos, C.W., LCDR, MC, errors in pap smear interpretation: what every provider should know 3:27
Operational medicine, future challenges for 5:8
Operation Sea Signal, dental technicians join the triage teams 6:11
Oral contraceptives in women in the operational forces 1:25
Orbeck, G.J., submarine appendicitis revisited 3:19

PAP smear, errors in interpretation 3:27
Pharmacy officer, Navy, training for an expanded wartime role 2:10
Plane crash in Caribbean Sea 3:1
Primary care based on a family practice model 4:8
Project Mercury 3:5,12
Purple Star '96 6:1

QUALITY of life master plan, Navy Medical Department overview 1:4

RACICOT, D., CAPT, MC, community-oriented primary care based on a family practice model 4:8
Rattelman, C.R., future challenges for operational medicine: care of the echelons 5:8
Research Units, U.S. Naval Medical
NAMRID, Lima/Iquitos, Peru, a decade of infectious disease research 4:16
NAMRU-2, Jarkarta, in action 2:7
NAMRU-3, Cario, celebrates 50 years 2:28
Reserve clinical social workers, provision of mental health services 4:3
Rhodus, S.P., DT2, out in the camps: dental technicians join the triage teams during Operation Sea Signal 6:11
Rice, B., CDR, NC, Joint Task Force—medical treatment facility fleet surgical teams 5:4
Rickenback, C.F., CDR., NC, USNR, contributory support: just do it 5:21

SCRUB typhus, diagnosis of 6:20
Shaw, L., LCDR, DC, U.S. Navy Dental Corps survey of 1994: analysis of narrative responses 2:16
Ships
fleet surgical teams 5:4
future challenges for operational medicine: care of the echelons 5:8
USS *George Washington*, telemedicine enters the fleet 4:4
USS *Reliance* christened 2:28
USS *Theodore Roosevelt*, a 3-year review of surgical care on an aircraft carrier 5:14
Shock killers in World War II 1:22
Sick call, staff, variation in practice patterns within 1:17
SMART readiness 3:16
Social workers, Reserve, at Naval Hospital Jacksonville, FL 4:3
Sorenson, K., a new lease on life 2:1
Space program, Project Mercury 3:5,12
Spargo, B.J., Ph.D., military transfusion medicine 1:13
Strategic planning process, Navy Medi- Department's 4:10
Strub, P., CAPT, USNR, NAMRU-2, in action 2:7
Surgery at sea: a 3-year review of surgical care on an aircraft carrier 5:14
Survey, 1994 Dental Corps, analysis of narrative responses 2:16

TELEMEDICINE enters the fleet 4:4
Thailand, MEDCAP in 5:1
Todd, C.E., CAPT, NC (Ret.), in memoriam 3:31
Tojo, a denture for 2:12
Training (see also Combat Casualty Care)
combat stress casualty care 5:25, 6:4
pharmacy officer, Navy, training for an expanded wartime role 2:10
Purple Star '96 6:1
Transfusion medicine, military 1:13
Transplant, bone marrow 2:1
TRICARE 1:4, 3:16

U.S. Naval Medical Research Units (see Research Units)

VAN PEENEN, H.J., RADM, MC (Ret.), the briefcase 3:23
Vietnam conflict
combat boots, borrowed 4:20

WATTS, D.M., Ph.D., a decade of infectious disease research: U.S. Naval Medical Research Institute Detachment, Lima/Iquitos, Peru 4:16
Wolfe, C.B., HM1(AW), surgery at sea: a 3-year review of surgical care on an aircraft carrier 5:14
Women's health
oral contraceptives, problems with, in the operational forces 1:25
pap smear, errors in interpretation 3:27
Wood, D.P., CDR, MSC, USNR, a case for continued combat stress casualty care training 5:25
World War II (see also Herman, J.K. and History)
denture for Tojo 2:12
Nimitz, C.W., FADM, a sailor like any other sailor 1:2
shock killers 1:22
submarine appendicitis revisited 3:19
VanPeenen, H.J., RADM, MC (Ret.), the briefcase 3:23
Wyrsch, S.J., LT, NC, strategies for quality in medical logistics: optimizing customer satisfaction 4:22

YEAGER, W.M., HMC, race walker brings home three medals 1:1
